## PROGRAMAS

### Geopolitical Consequences of the 2024 US Election

In November 2024, US voters will elect the country's next President. A decision with profound geopolitical effects in 2025 and beyond: Will the US back Ukraine or Russia? Will US-China competition become confrontation? Will it defend or turn away from Israel? Will confrontation with Iran escalate or recede? Will the energy transition continue? Will it

double-down on North America competitiveness or use the 2026 sunset of the USMCA to further US protectionism? Will it declare tariff wars on countries of migration? Will it deploy US Special Forces against drug cartels? A bipartisan pair of strategic advisors -- Dan Restrepo (White House adviser to President Obama) and Juan Cruz (White House adviser to President Trump) -- are available to, together, unpack these scenarios and more to help business, investment, political, and civic leaders prepare for what comes next in the Americas and around the world.
