BARBARA ANNIS

Authority on Gender-Intelligent Leadership

Barbara and her associates are dedicated to removing organizational and leadership barriers by bringing the latest research and thinking on Leadership, Gender Diversity and Inclusiveness into the workplace.

Over the last 20 years, Barbara Annis & Associates has facilitated over 3000 corporate workshops, keynotes, and executive coaching sessions on Gender Intelligent Leadership to Fortune 500 Corporations, including Deloitte & Touche, IBM, Citigroup, UBS and Intel - among others.

Barbara is the Chair-elect of the Women's Leadership Board at Harvard's Kennedy School of Government. Her extensive studies have included work with exceptional thinkers such as linguist Dr. Fernando Flores at Berkeley, neuroscientist Ruben Gur at the University of Pennsylvania, psychologist Virginia Satir, Dr. W. E. Deming, and Dr. Willis Harman, Founder of the Noetic Sciences Foundation and The World Business Academy.

Barbara is also a recognized author; her first book, "Same Words, Different Language", uncovers groundbreaking insights and tools for creating powerful win-win relationships between the genders, and provides ways to break through gender barriers. Her new book, "Leadership and the Sexes", reveals the latest brain-based research on gender differences in leadership, and shows how to maximize the innate talents of both genders in the workplace and in the world.

- Gender Intelligence

PROGRAMAS

Gender Diversity in the Workplace

Recognized as the authority on gender in the workplace, Barbara Annis has taken her message about Gender Intelligence around the world. She provides a wide range of corporate workshops, web-based seminars and self-guided training packages to suit your specific needs.

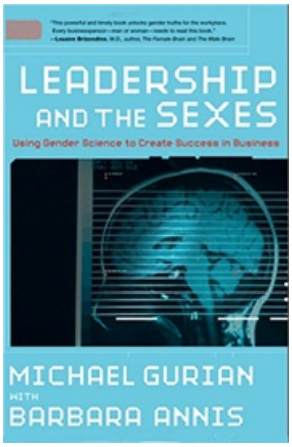

At seminars and public events, Barbara is engaging and focused as she delivers aha! moments to her audience. She does it with passion because Barbara truly believes it's her

life's work to create positive change for companies and organization through a deeper understanding of brain differences.

Barbara's presentations are fun, dynamic, and chock full of real-life examples and the very latest on gender science. It's her mission to absorb, then share her knowledge with audiences, often inviting the 'true heroes' of this exploding field of knowledge along with her, the scientists on the leading-edge of brain research.
