---

Ian Khan is a world-renowned futurist, technology expert, and AI evangelist dedicated to

helping businesses, governments, and organizations prepare for the future. As the creator of the Future Readiness Score™, he provides actionable insights on digital transformation, artificial intelligence, and disruptive innovation.

A highly sought-after keynote speaker, Ian has been featured on CNN, BBC, Forbes, and Fast Company and has delivered multiple TEDx Talks. He is also an award-winning filmmaker, known for documentaries such as Blockchain City and AI The Next Frontier, which examine the role of technology in shaping society.

Ian's new bestselling book "Undisrupted", is a must read for anyone curious to learn about emerging technology trends and a contantly evolving future business landscape. Undisrupted is a National bestseller on USA Today, Publshers Weekly and Amazon.

Undisrupted, covers the status quo of disruption, current technological trends including the rise of emerging technologies including AI, Quantum Computing, Blockchain, with a focus on what makes industries, companies and leaders the "Undisrupted". The book also features a select number of globally recognized "Undisrupted" business leader profiles and what makes them successful. Undisrupted will guide you through the process of making your organization future ready by leveraging the capabilities of the Future Readiness Score.

With a background in emerging technologies, digital governance, and business strategy, Ian works closely with Fortune 500 companies, government agencies, and educational institutions to drive forward-thinking leadership and innovation. His engaging storytelling and deep industry expertise make him a compelling voice in the future of work, smart cities, and AI ethics.
