Bethany Hamilton has become a source of inspiration to millions through her story of determination, faith, and hope. At the age of 13, Bethany lost her left arm to a 14-foot tiger shark, which seemed to end her career as a rising surf star. One month after the attack, Bethany returned to the water and within two years had won her first national title. In 2007, she realized her dream of surfing professionally.

In October 2004, Bethany shared her life story in her autobiography entitled *Soul Surfer*. Seven years later, the book was made into a major motion picture bearing the same title which released theatrically in April, and for home entertainment in August, 2011. Other books Bethany has written include "Devotions for the Soul Surfer", "Rise Above", A "Soul Surfer" Bible, "Ask Bethany", and "Clash", "Burned", "Storm", and "Crunch".

Bethany is involved in numerous charitable efforts including the Beautifully Flawed Foundation, which runs programs for amputees and youth, encouraging and offering hope to over-come even the most difficult of life's obstacles. Using her platform as a professional athlete to promote living a fit and healthy lifestyle, she authored the book *Body and Soul* in 2014. Bethany's latest project, *Unstoppable*, a surf documentary which showcases her as one of the best women surfers in the world, released theatrically in the USA on July 12, 2019, accompanied by a photo book and a children's book.

Passionate about helping young women be unstoppable in life and faith, Bethany has launched a new website and online course for sharing content and facilitating connection. Her greatest joy is being a wife and mother, and she continues to touch and inspire lives globally as a professional surfer and motivational speaker.
