Alexander Torrenegra is the CEO of [Torre.ai](#). Torre is building the ecosystem for the future of recruitment. Their tech automates recruitment from beginning to end and predicts whether a candidate will be a good fit for a job, team, and leader, and vice versa. Their flagship product is a new global job network where the main interface is Emma, an AI personal recruiter who works as the talent agent for millions of people.

Previously, Alexander co-founded and bootstrapped Voice123, the first and largest global marketplace for voice-overs, and Bunny Inc., a mission-critical outsourcing solution for creative work.

Alexander holds multiple patents related to the dynamics of job marketplaces. He was named Innovator Under 35 by MIT, High-Impact Entrepreneur by Endeavor, and Young Global Leader by the World Economic Forum.

He was a shark in Sony's Shark Tank Colombia and Shark Tank Mexico and has invested in 50+ tech companies.

Alexander's motto is to build things that improve the universe and wouldn't have been created otherwise.
